

payable, will be resolved in accordance with the Disputes clause.

(g)(1) For contracts awarded on or after October 1, 1989, a penalty amount (calculated in accordance with subparagraph (g)(3) of this section) shall be paid, in addition to the interest penalty amount, only if the contractor—

(i) Is owed an interest penalty of \$1 or more;

(ii) Is not paid the interest penalty within 10 days after the date the invoice amount is paid; and

(iii) Makes a written demand to the designated payment office for additional penalty payment in accordance with paragraph (g)(2) of this section, postmarked not later than 40 days after the date the invoice amount is paid.

(2)(i) Contractors shall support written demands for additional penalty payments with the following data. No additional data shall be required. Contractors shall—

(A) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(B) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(C) State that payment of the principal has been received, including the date of receipt.

(ii) Demands must be postmarked on or before the 40th day after payment was made, except that—

(A) If the postmark is illegible or nonexistent, the demand must have been received and annotated with the date of receipt by the designated payment office on or before the 40th day after payment was made; or

(B) If the postmark is illegible or nonexistent and the designated payment office fails to make the required annotation, the demand's validity will be determined by the date the contractor has placed on the demand; provided such date is no later than the 40th day after payment was made.

(3)(i) The additional penalty shall be equal to 100 percent of any original late payment interest penalty, except—

(A) The additional penalty shall not exceed \$5,000;

(B) The additional penalty shall never be less than \$25; and

(C) No additional penalty is owed if the amount of the underlying interest penalty is less than \$1.

(ii) If the interest penalty ceases to accrue in accordance with the limits stated in paragraphs (e)(1) and (e)(2) of this section, the amount of the additional penalty shall be calculated on the amount of interest penalty that would have accrued in the absence of these limits, but shall not exceed the limits specified in paragraph (g)(3)(i) of this subsection.

(iii) For determining the maximum and minimum additional penalties, the test shall be the interest penalty due on each separate payment made for each separate contract. The maximum and minimum additional penalty shall not be based upon individual invoices unless the invoices are paid separately. Where payments are consolidated for disbursing purposes, the maximum and minimum additional penalty determination shall be made separately for each contract therein.

(iv) The additional penalty does not apply to payments regulated by other Government regulations (e.g., payments under utility contracts subject to tariffs and regulation).
